Introduction

Pakistan Anti TB Association's constituent District and Tehsil Anti TB Associations celebrated the World TB Day 2019 across Punjab.

These activities were conducted through self-generated funds by the District and Tehsil Anti TB Associations of PATA. A detailed plan for these activities was finalized in consultation with PATA Head Office. These activities were spread over three weeks of campaigning.

In nutshell, these activities comprised of; Walks; Seminars; Chest Camps; School Programs and city brandings. Through these vehicles of dissemination of desired messages for Awareness and Advocacy, activities were undertaken targeting the communities vulnerable to TB.

In several districts, spread all over Punjab, these activities were chaired and attended by the:

- Ministers of the province of the Punjab
- President Pakistan Anti TB Association
- Deputy Commissioners (in some of the respective districts)
- Chief Executive Officers- Health of respective districts
- District Health Officers
- District TB Coordinators
- Elected members of local governments
- Community Notables, Notable local persons
- Representatives from Civil Society Organization
- District Social Welfare Officers
- Leaders of local Anjman Tajran & Trade Unions
- Religious Leaders
- Cured TB patients

Pakistan Anti TB Association:

Pakistan Anti TB Association (PATA) is a community based non-profit and non-government organization working exclusively for treatment, rehabilitation and welfare of TB patients across Pakistan. PATA was established as a chest clinic in Lahore, in 1956 by a group of cured TB patients. It was formally launched and inaugurated by Pakistan's Mother of the Nation, Miss Fatima Jinnah, the sister of Quaid-e-Azam Muhammad Ali Jinnah.

Over the years, the organization has grown into a network of 68 District and Tehsil Anti TB Associations, operating under the umbrella of PATA. All these Member Associations are functioning, and providing free services to TB patients.
